

Unattended 'No Service' Cremation

There are many reasons why you may feel that an unattended cremation would be right for you or your loved one, however it's important to talk to your friends and family to let them know you're considering this type of cremation. It might take a couple of conversations to help others understand what else they can do to say goodbye.

Here at Padfields Funeral Service we can provide a completely local service with the same care and compassion that we give to all of our clients and their families.

Included in the cost of our Unattended Cremation

Professional Fees including taking care of the necessary legal & administrative arrangements
